"Compact – Blue Label" : Small form factor case series including cube cases, mini-ITX and Mini-Tower (Micro-ATX).

Performance Gaming System
PGS

Aerocool is proud to announce our first compact case (Model : Qs-200) under the PGS-Q series (Compact series – Blue Label).

Qs-200 is one of the best "Mini-Tower" case in the market today if not the BEST Mini-tower case. This compact case is not only elegantly designed and solidly constructed; it also provides high versatility, expandability, transportability, protection and performance.

The Qs-200 is designed with "User-Friendly" concept in mind and it also gives gamers high versatility and protection for their Hard Drives. Its "Screw-less" chassis, pre-installed cable management clips and removable HDD bracket made this chassis an easy install. The chassis can support 2 x 3 1/2" HDDs or 3 x 2 1/2" HDDs.
These Hard Drives are also well protected from shock with the "anti-vibration" rubbers.

The Qs-200 case also delivers optimal air flow and supports Longer High-End VGA cards up to 340mm. It is the only Mini-tower case in the market which can support 5 x 12cm fans (2 x12cm fans in front, 1 x 12cm fan in the rear and 2 x 12cm fan on the side panel). Its "Mesh" front panel also helps to maximize air-intake.
